THE 2020 ECOWARRIOR AWARDS

SOROI LIONS BLUFF

"LEADING ACCOMMODATION IN ENHANCING GUEST EXPERIENCES"

THE 18TH ECOWARRIOR AWARDS

From Nairobi, Wednesday, 18 December 2019

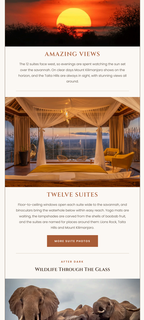

We are proud to have won 'Leading Accommodation in Enhancing Guest Experience' for our beautiful Soroi Lions Bluff Lodge.

On TripAdvisor, we have earned more than 300 excellent guest reviews, which put Soroi Lions Bluff in 3rd and 4th best in Travellers' Choice award in 2019.

MORE YOU SEE

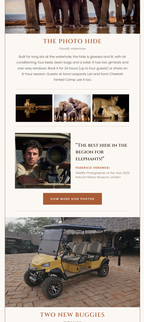

On Community Land

The lodge stands in the Lure Conservancy (bordering the Taiwo West ecosystem) formed in 1997 to protect wildlife and support communities. It keeps wildlife migratory corridors open.

AMAZING VIEWS

The 5 Suites have wide, sit-watching-net seen overlining the sun set over the savannah. On clear days Mount Kilimanjaro shows on the horizon, and the Taita Hills are visible at night, with stunning views all around.

TWELVE SUITES

Floor-to-ceiling windows open each suite walls to the savannah, and binoculars bring the waterhole below within easy reach. Yoga mats are waiting, the lampshades are made from the shells of Ostrich Eggs, and the suites are named for places around them: Lions Rock, Taita Hills and Kenya Wilderness.

Wildlife Through The Glass

THE PHOTO HIDE

Elevated experience

Built for long sits at the waterhole, the hide is glassed and lit, with air conditioning for cool days, bean bags and a table to rest the gimbals and view very windows. Book it for 24 hours (up to four guests) or share it in four-session. Guests are accompanied by a Soroi Chaseleh Tented Camp with 3 hr.

TWO NEW BUGGIES

In the Lodge

Two new buggies now run between the suites and the rest of the lodge, for whenever you would like a lift.

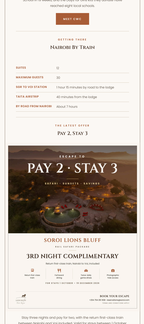

A FARM-TO-FORK EXPERIENCE

Vegetables and herbs are grown in the lodge's kitchen garden, a short organic farm grown on compost from the kitchen's food scraps, eggshells and coffee grounds. Meats come from local trusted suppliers. Fish at the farm carry name labels, and the chef checks in each day to see that the menu suits you.

VIEW THE RESTAURANT

"THE FOOD DESERVES ITS OWN STANDING ONATION. EVERY MEAL WAS A DELICIOUS THREE-COURSE EXPERIENCE SO GOOD THAT EVEN WHEN WE THOUGHT WE WERE FULL, WE FOUND ROOM FOR MORE."

AYANNA K., NEW YORK, TRIPADVISOR GUEST, 2020

THE PRIVATE SUNDOWNER

Sundowners are set on a raised deck out on the hillside a table, pillows and the sun going down over the plain. Breakfast can be a picnic in the bush, and dinner can be under the stars.

THE DECK RESTAURANT

Breakfast comes with the sunrise and dinner with the sunset, because the restaurant has no walls. Instead, it has a view over the plain and star gazers, making a natural 270-degree open gallery in complimentary decks and a surprise dinner.

THE HEATED INFINITY POOL

From the heated infinity pool you can watch giraffes and gazelles visit the waterholes, and on a clear day Mount Kilimanjaro is in view. The Cave bar is right beside it.

THE SPA

Massages come to you, in your own territory if you like. "The most incredible massage on our balcony," one guest wrote. A 30-minute massage is included on group packages, and a dedicated spa is on the way.

"THROUGH THEIR OPEN AND AUTHENTIC FRIENDSHIPS, ALL THE PEOPLE WHO WORK AT [SOROI] LIONS BLUFF BECOME A PART OF YOUR STORY, AS DO THE LIONS, THE ELEPHANTS AND BUFFALO, WHICH TIME TOO TIME COME UP TO THE BLUFF AND WATCH YOU WHILE YOU'RE HAVING BREAKFAST OR DINNER."

ALICIA K., TRIPADVISOR GUEST, 2020

BEYOND THE LODGE

Community and Wildlife Conservation

THE CWC FISH POND

CWC, Soroi's sister organisation for community and conservation work, has built a fish pond to provide a source of protein for local people, and an alternative to the bushmeat trade. The pond goes 4.5 kg harvest in 2020. Guests have helped build two cloisterrons at Lolles Primary School in 19 weeks, and the boys for 2019 this they donate have reached eight local schools.
