♿ ACCESSIBILITY [Unverified] The factsheet states only that 'Wheelchair Access' is 'Possible with assistance in certain cases' across the property as a whole — neither source document names a specific wheelchair-accessible unit or room type, unlike Soroi Amboseli. Confirm which unit(s), if any, are formally accessible with Yasin before making any specific accessibility claim in guest-facing copy.

[Unverified] A second, more recent factsheet export shows a different property-layout numbering than the version used below, and omits the 4 Bush Wing Tents entirely — confirm the correct layout with Yasin before treating either as final guest-facing collateral. [Unverified] The Soroi Media Portal API was unreachable for every property tested during this build — photography here was sourced from Assets/Media as a fallback and has not been cross-checked against the Portal's tagging.

RIVER FACING TRIPLE TENT

SOROI MARA BUSH CAMP · UNITS 3–13

ABOUT THIS ROOM

The camp's core accommodation — 11 River Facing Triple Tents built on raised timber decking beneath the camp's forest canopy, each opening onto the Olare Orok River. Every tent pairs a king-size bed with a single bed, giving flexibility for two adults plus a child, or three guests travelling together. The en-suite bathroom carries organic bathroom amenities and a 24-hour hot and cold shower, and a private verandah with outdoor seating looks out toward the river below. A writing desk and wardrobe complete the tent, and — like the rest of camp — power and Wi-Fi run on a 24-hour solar system. [Unverified] These units are labelled 'Safari Tents' in the camp's shorter factsheet table and 'River Facing Triple Tents' in its more detailed 2025 brochure; this guide uses the latter, more descriptive name.
