SAMBURU NATIONAL RESERVE, KENYA

SOROI LARSENS CAMP
SOROI SAMBURU LODGE

Samburu's Creation

The animator will start like "I think it's time to celebrate? Who feels like throwing a party? It would be great to have a mocktail party. However, this is going to be a smelly mocktail party. Everyone must go and find lots of interesting smells (this is of course guided) – and make a smelly mocktail. You should try and smell everything, even stones smell of something! When you're happy that your mocktail is ready, give it a stir. Think of a name to describe your smelly mocktail. We all gather around for the party and share your mocktail with the other guests. Everyone gets a chance to present the name of their special mocktail.

Suitable for: 7 to 12 years old

Samburu Snapshots

It is easy to miss the small things in nature, and sometimes we are too busy to notice the beautiful things around us. Using a camera can help us to focus on what is around us and help us to share all those amazing sights. Our naturalist will give you a special 'camera' and you can take snapshots of all the amazing things around you, sharing your discoveries with the rest of your friends.

Suitable for: 7 to 12 years old

Bird Spotting

Help the kids learn more about adaptation, why birds have different beaks (Nectarines, flesh eaters, Seed eaters), why certain animals can survive only in certain areas Special 5 (Gerenuk, Reticulated Giraffe, Grevy's Zebra, Beisa Oryx and Somali Ostrich).
