ABOUT THIS ROOM

The lodge's single Executive Villa is its most private accommodation: a king double room, a triple room, and a separate lounge that converts to a twin room on request, sleeping up to seven guests across three connected spaces. Air conditioning and a kitchenette sit alongside the usual ceiling fan and tea and coffee facilities — this time with a coffee capsule machine — while outside, two outdoor showers, an outdoor bathtub and a private plunge pool look out over the river. A large terrace with its own fireplace and sunken seating, plus a private master coffee and bar station, complete the villa's own self-contained ground floor.
